

REGISTRY FOR EXCELLENCE

VALUED EMPLOYEES DESERVE QUALITY RECOGNITION

Our awards system:

- Is designed to motivate, recognize, and reward all facets of your company.
- Offers employees life-long recognition for their achievements.
- Affords your company the ability to organize and manage a comprehensive recognition system.
- Lends unprecedented flexibility for recognizing achievement throughout your company.
- Is perfect for recognizing: years of service, sales, safety, outstanding achievement, retirement, employee of the month... *just to name a few.*

The *Registry* is pleased to present our unique custom collection of recognition awards. All items are manufactured with the highest quality and craftsmanship.

How does the system work? This fresh approach includes a handsome, highly polished, cast plate customized with your logo and name. A very distinguished look, the plate becomes the vehicle to display specific accomplishments by means of award medallions.

The award medallions are the heart of the *Registry for Excellence* system. These medallions are pad printed in Swiss inks and are enhanced with 14k gold trim. We design and produce your unique medallions specific to your award. Custom engraving is also available.

Each program is designed specifically for your needs. This concept truly creates an award that will make a lasting impression.

The *Registry* also specialize in custom gift programs, advertising specialties and promotional products. We have thousands of products within your price range ready to be customized.
