

# Registry for Excellence

*A Classic System That Displays Memories.* The Registry system consists of a custom designed highly polished plate that will retain its luster through the passing of time. The plate is cast with your school, business or organization name and is designed to hold meaningful ceramic medallions or custom engraving. Each plate is attractively packaged for display. Our plates are available in 2 sizes: 7 1/4" & 10". Proudly made in the USA!

## 7 1/4" Custom Cast Aluminum Recognition Plates Polished Finish with Color Fill

**7 1/4" Polished  
Finish with  
Classic Black  
Antique**

I have used the *Registry for Excellence* awards at each high school I have been principal. It quickly becomes the most prestigious award given out at the honors banquet. I use the award to recognize the top graduating senior in each subject area nominated by the teaching staff.

Scott Hagy, Principal  
Keystone Oaks High School

**“The ease of ordering and the prompt support and response are excellent. The workmanship is excellent and the choices of options to recognize student achievement in sports, clubs, activities and academics are exceptional. I have not found another company that offers such a variety and works so well with its customers.**

**The response to the award at the Senior Awards Ceremony is excellent. Although it is the top award the plates and individual emblems are very impressive. Parents, students and the community are very impressed with the quality and how nice the presentation looks.**

**I do want to thank you especially as you have made this so easy each year. Even when I call with a last minute request the response is excellent. Thank you for doing a great job as it makes my job that much easier. More important than that is the fact that students are recognized with a quality product.”**

**Jerry Rosolie, Principal – Solanco High School, PA**
